PROJECTS

Yotomi Supermarket

The website is a user-friendly platform that allows customers to browse, purchase, and track grocery items with ease. It features a seamless shopping experience with secure checkout, order management, and an intuitive interface optimized for both desktop and mobile users.

Features of The supermarket website include:

- ***Shopping Cart*** *– Add, remove, and update items*
- ***Checkout System*** *– Payment integration and order confirmation*
- ***Order Tracking*** *– View order status and history*
- ***Responsive Design*** *– Mobile-friendly interface*

Technologies Used: NextJs and TailwindCSS

Personal Website

A personal website designed to showcase my professional skills, projects, and achievements. The website serves as an online portfolio, providing potential employers and clients with a detailed view of my work, technical expertise, and career journey.

Key Features:

Professional Bio: A section dedicated to introducing myself, my background, and my career goals.

Project Showcase: A dynamic gallery displaying key projects, with detailed descriptions and links to live demos or repositories.

Skills Section: A comprehensive list of technical skills, tools, and technologies I'm proficient in, highlighting my expertise in frontend development.

Contact Form: An easy-to-use contact form for potential clients, collaborators, or employers to reach out directly.

Responsive Design: Fully optimized for mobile and desktop devices to ensure smooth navigation and readability across platforms.

Technologies Used: React, TailwindCSS and EmailJs
